## Foreword

The 1977 Edition of the North Carolina Pesticide Report represents a revision of previous issues. By elaborating on the purpose of this report, by adding new material, and by better defining the substances listed, we attempted to reflect in a more meaningful manner the information collected during the 1977 calendar year. We hope that more readers will be able to use it more effectively and be able to understand how its use can facilitate the pesticide industry from manufacturer to consumer.

This will also acknowledge and express our appreciation to the following people who made significant contributions to the contents and preparation of this Pesticide Report: *Pest Control Division* - Mrs. Judith H. Card, Mrs. Betty H. Griffin, Mrs. Lynn W. Hammock, Mrs. Anna K. Jansen, Mrs. Vivian Lee, Miss Brenda Jo Sullivan, Secretaries; Mrs. Laura A. Kirk, Data Coordinator; R. M. Angell, John E. Hunter, III, E. Blaney Parker, District Supervisors; Hugh I. Alford, Colin K. Batten, Troy O. Clark, S. Theodore Hoffman, Johnny B. Isenhour, Derold G. Ledford, Albert J. Martin, John W. Scott, Kenneth O. Stillwell, Conrad Weatherman, Pest Control Specialists; Donald R. Acrey, A. G. Campbell, Thomas C. Clark, Rickey L. Gregory, Hoyt M. Haddock, Robert L. Hunt, Henry A. Miller, Willis Howard Minton, James R. Mitchell, John M. Murray, Melvin C. Nunn, Clyde C. Reed, Earl M. Roberson, Terrell B. Smith, Fulton Sutherland, Kenneth E. Warren, Billy R. West, Pest Control Inspectors; James R. Collins, Pesticide Specialist II; David L. Bowen, Leonard C. Boyette, W. Howard Hensley, Larry D. Perry, Pesticide Specialists - *Food and Drug Protection Division* - Dr. W. Y. Cobb, State Chemist; Robert T. Teague, Asst. State Chemist; Dr. R. S. Dahiya, Chief Microbiologist; Paul R. Jordan, Laboratory Supervisor; Mrs. Amoret D. Bittle, Microbiologist; George R. Winstead, III, Chemist-in-Charge; J. Leon Carroll, Ralph L. Denning, William M. Harris, W. Glynn Sprinkle, James D. ## How to Use This Report

Considerable time and effort has gone into editing and organizing this 1977 edition of the Pesticide Report. Every section has been updated, new information added as necessary and details expanded to make this Report a more complete and up-to-date reference as to the sale and use of pesticides in North Carolina.

In this Pesticide Report you will find:

### Introduction

The Introduction accurately reflects the development of laws and regulations governing the sale and use of pesticides in North Carolina.

It also refers to certain divisions in the North Carolina Department of Agriculture that perform key roles in regulating and controlling the sale and use of pesticides in this State.

### Brief of the North Carolina Pesticide Law of 1971

This section presents a brief abstract of the North Carolina Pesticide Law of 1971. It also shows how and where to obtain a complete copy of the Law.

### Pesticide Registrants, 1977

The names and addresses of firms that registered pesticides with the North Carolina Department of Agriculture during 1977 are listed in this section.

### Licensed Pesticide Dealers, 1977

This section is a 1977 directory of the names and addresses of Pesticide Dealers licensed to sell restricted-use pesticides in North Carolina.

### Licensed Pesticide Applicators (Aerial), 1977

This section is a directory of the names and addresses of Aerial Pesticide Applicators licensed in North Carolina for the 1977 calendar year.

### Licensed Pesticide Applicators (Ground), 1977

This section is a directory of the names and addresses of Ground Pesticide Applicators licensed in North Carolina for the 1977 calendar year.

### Licensed Public Operators, 1977

*(Federal, State, County and Municipal Governments and Public Utilities)*

This section is a directory of the names and addresses of Public Operators licensed in North Carolina for the 1977 calendar year.

### Licensed Pest Control Consultants, 1977

This section is a directory of the names and addresses of Pest Control Consultants licensed in North Carolina for the 1977 calendar year.

### Pesticides Examined, 1977

This section presents in table form an alphabetical listing of the manufacturer of the pesticides that were sampled and analyzed in the Department's laboratories in 1977. Results of the analyses are tabulated and total numbers of each determination made are at the end of the table.

### **Samples at Variance From Guarantee, 1977**

This table lists the samples found by the Department's laboratories to be at variance from guarantee in 1977. The table also lists the name of each manufacturer, each pesticide brand name, and presents data and a description indicating how each sample examined varied from guarantee.

### **Other Violations, 1977**

This section gives the names of firms that manufactured or distributed products in North Carolina and had one or more violations under the North Carolina Pesticide Law of 1971. These violations constituted either unregistered or misbranded products examined at pesticide outlets but not sampled for analysis.

### **Summary of Regulatory Activities Performed Under the North Carolina Pesticide Law, 1977**

This section presents a summary of the total numbers of manufacturers who register pesticides in North Carolina; pesticide formulations registered; pesticides examined; stop-sale, stop-use, or removal orders issued; licenses issued; and equipment inspections.

## Introduction

Pesticides cover a large number of materials and mixtures intended for destroying, controlling, or repelling pests such as insects, weeds, and other noxious plants, predatory animals and birds, soil-infesting pests such as nematodes, algae, snails, and bacteria. Other examples are disinfectants, antiseptics and fungicides for use other than on living man or other animals, defoliants, various repellents, fly paper and other adhesive products whose action goes beyond simple mechanics, moth proofers, wood preservatives other than common paints, mildew controls, and seed fumigants.

An adequate and readily available supply of many of these products is essential in the economical production of feed and fiber crops. The preservation of many products in storage and the control of domestic and industrial pests which affect both the health and welfare of human beings and animals are likewise dependent on such materials.

While the development and distribution of various pesticides to serve the needs are important, provisions must be present to protect the public. During the years 1947 through 1971 it was the purpose of the economic poisons law (North Carolina Insecticide, Fungicide, and Rodenticide Act of 1947, G.S. 4A, Chapter 106) to protect the public from adulterated, misbranded, worthless, and dangerous products, and legitimate manufacturers from unscrupulous competition.

During the years 1953 through 1971 the aerial application of pesticides was regulated by the North Carolina Aerial Crop Dusting Law, G.S. 4B, Chapter 106. The Law and the regulations promulgated thereunder, in summary required the registration and licensing of contractors and aviators who engaged in the custom application of pesticides by aircraft in North Carolina. The validity of a license was further restricted to the period of time that coverage by liability bond or insurance for damage by aircraft was in force.

During 1969 the North Carolina General Assembly through House Resolution 1392 directed the Legislative Research Commission to study the laws regulating pesticides in N. C. and report its findings and recommendations to the 1971 General Assembly. As a result of the findings and recommendations of the Commission, the North Carolina Pesticide Law of 1971 was adopted.

The N. C. Pesticide Law of 1971 established the North Carolina Pesticide Board as the governing body for the programs of pesticide management and control set forth in the Law. Provisions for regulating the use, application (aerial and ground), sale, storage, disposal and registration of pesticides are set forth in the Law.

The Law provides for the adoption of a list of restricted-use pesticides and requires the licensing of all pesticide dealers who sell restricted-use pesticides directly to users. Pesticide applicators and consultants are also subject to licensing requirements.

The Commissioner of Agriculture is responsible for administering and enforcing the Law and all rules and regulations adopted by the Board.

Each brand or grade of pesticide must be registered with the North Carolina Department of Agriculture before it can be legally offered for sale in the State. A

\$25.00 registration fee for each brand or grade must accompany each Application for Registration.

As under the economic poison law, a state-wide inspection service will be maintained for the collection of official samples of pesticides from dealers. Individual requests for inspections are also made. As authorized, additional pesticide samples will be taken at the user level as they are being applied to determine if they are being used in an approved manner. Samples of the commodity to which pesticides have been applied will also be taken when deemed appropriate.

Samples are sent to the Department's laboratories for analysis. Reports of analytical results are forwarded to manufacturers, dealers, and users. As a further means of reporting, the Pesticide Report covering a year's work as exemplified herewith, is published annually.

## Brief of the North Carolina Pesticide Law of 1971

North Carolina Pesticide Board

Governing Body

Commissioner of Agriculture, Raleigh, N. C.

Administrative  
and Enforcement  
Authority

North Carolina Pesticide Advisory Committee

Assists the Board and  
Commissioner in an  
advisory capacity

Any pesticide may be designated as a "restricted-use pesticide" upon the grounds that in the judgement of the Board it is so hazardous or injurious to persons, pollinating insects, animals, crops, wildlife, lands, or the environment that additional restrictions on its sale, purpose, use, or possession are required. (The list of Restricted-Use Pesticides has been established by regulation.)

Restricted-Use  
Pesticides

All pesticide dealers who sell restricted-use pesticides must be licensed. Application for a pesticide dealer's license must be accompanied by a fee of \$25. All licenses shall expire on December 31 of the year for which they are issued. The license may be renewed annually upon application to the Department of Agriculture, accompanied by a fee of \$25 for each license, on or before the first day of January of the calendar year for which the license is issued. Each applicant must demonstrate upon written, or written and oral, examination his knowledge of pesticides, their usefulness and their hazards; his competence as a pesticide dealer; and his knowledge of the laws and regulations governing the use and sale of pesticides.

Pesticide Dealer  
Licensing Requirement

No person shall engage in the business of pesticide application within North Carolina unless he is licensed annually by the Board. Each license application shall be accompanied by a fee of \$25 for each applicator's license and an additional \$10 for each aircraft to be licensed. A pesticide applicator is defined as any person who owns or manages a pesticide application business which is engaged in the business of applying pesticides upon the lands of another. It includes a public operator, which is any person in charge of any pesticide application equipment used by public utilities, state agencies, municipal corporations or other governmental agencies, but does not include:

Pesticide Applicator  
Licensing Requirement

- a. Any person applying pesticides for himself with ground equipment who (i) operates and maintains pesticide applicator equipment primarily for his own use; (ii) is not regularly engaged in the business of applying pesticides for hire amounting to a principal or regular occupation; (iii) does not publicly hold himself out as a pesticide applicator; and (iv) operates his pesticide applicator equipment only in the vicinity of his own property and for the accommodation of his neighbors.
- b. Any person regulated by the North Carolina Structural Pest Control Law (General Statutes Chapter 106, Article 4C.)

Each applicant must demonstrate upon written, or written and oral, examination his competence as a pesticide applicator or public operator.

No person shall perform services as a pest control consultant without first procuring from the Board a license. The application for a license shall be accompanied by an annual fee of \$25. A pest control consultant is defined as any person who, for a fee, offers or supplies technical advice, supervision, or aid, or recommends the use of specific pesticides for the purpose of controlling insects, plant diseases, weeds, and other pests, but does not include any person regulated by the North Carolina Structural Pest Control Act. Each applicant must demonstrate upon written, or written and oral examination, his competence as a pesticide consultant.

Pest Control  
Consultant  
Licensing Requirement

No person shall handle, transport, store, display, or distribute pesticides in such a manner as to endanger man or his environment.

Handling, Storage, and  
Disposal of Pesticides

Every pesticide prior to being distributed, sold, or offered for sale within this State or delivered for transportation or transported in intrastate commerce or between points within this State through any point outside this State shall be registered and such registration shall be renewed annually.

Registration

A registration fee of \$25 for each brand or grade of pesticide is required. An additional \$25 delinquent registration penalty shall be assessed against the registrant for each brand or grade of pesticide marketed in North Carolina prior to registration.

Registration Fee and  
Delinquent Penalty

Registration is subject to refusal or cancellation for cause and upon hearing.

Refusal or  
Cancellation of  
Registration

A deficiency penalty of three times the percentage deficiency times the retail value as established by the consignee at the time of sampling but not less than \$25 shall be assessed against any registrant of a pesticide found deficient in active ingredients.

Deficiencies

Any brand or grade found to be deficient or excessive in active ingredients, misbranded, adulterated, or not registered is subject to "Stop Sale, Stop Use Orders."

"Stop Sale, Stop  
Use Orders"

Any person who shall be adjudged to have violated any provision of the Law, or any regulation of the Board adopted pursuant to this Law, shall be guilty of a misdemeanor and for each violation shall be liable for a penalty of not less than \$100 or more than \$1,000 or shall be imprisoned for not more than 60 days, or both. In addition, if any person continues to violate or further violates any provision of this Article after written notice from the Board, the court may determine that each day during which the violation continued or is repeated constitutes a separate violation subject to the foregoing penalties.

Penalties

**NOTE: Copies of the North Carolina Pesticide Law of 1971 and regulations adopted by the Board may be obtained upon request to the Pest Control Division, North Carolina Department of Agriculture, Raleigh, North Carolina 27611.**

## PESTICIDE REGISTRANTS, 1977

This list gives the names of firms or individuals who registered pesticides with the North Carolina Department of Agriculture for 1977.

All pesticide registrations expire December 31, 1977 and are subject for renewal of registration if they are to be offered for sale in North Carolina during 1978.

# Official Analyses of Pesticides 1977

## Definitions of Decisions

A summary of pesticides analyzed and the results of samples determined to be at variance from the guarantee are tabulated in the following pages. For the reader's ready interpretation of the report, those designations used are explained in the following paragraphs.

"PASSED" signifies that the labeling and composition of the product satisfactorily complied with guarantees and requirements.

"DEFICIENT" signifies that one or more ingredients fell significantly below the guarantee. Such products are placed under "Stop Sale Orders" and are removed from the market for reprocessing or relabeling. A deficiency penalty is also assessed against the manufacturer.

"EXCESSIVE ACTIVE INGREDIENT" indicates a significant excess of one or more active ingredients. Such formulations could be harmful to the user and/or result in excessive residues.

"ADULTERATED" indicates that quantities of undeclared active ingredients were present above established tolerances. Such lots, batches or brands are stopped from sale and other appropriate action taken.

"MISBRANDED" signifies that labeling failed to conform to requirements. Omission of some item or statement is a more common flaw. Among these may be proper ingredient listing, skull and crossbones, "Poison" in red and antidote where these are required; net contents by weight or volume; class of, and unsulfonated residues of petroleum oils; and percentages of alkaloids instead of crude product such as sabadilla seed.

In some instances of misbranding, the defect appeared to be inadvertent and of a minor nature. In others, removal from sale is necessary.

"NOT REGISTERED" signifies that the product was not registered at the time it was sampled. Any such product is required to be registered prior to release from "Stop Sale Order." A delinquent registration penalty is also assessed against the manufacturer.

As has been the practice in past work, analyses were made largely for those ingredients which were considered of major importance, as, for example, gamma isomer of benzene hexachloride, whereas other isomers were not checked. For sake of brevity, items not generally checked are not listed in the tabulations. This should not be taken to indicate that manufacturers did not include them on labels. This procedure has been followed because it enables a broader coverage of all products offered for sale.

## Other Violations, 1977

This list gives the names of firms that manufactured or distributed products in North Carolina during 1977 and had one or more violations under the North Carolina Pesticide Law of 1971. These violations constituted either unregistered or misbranded products examined at pesticide outlets but not sampled for analysis.

ABCO Chemical Specialties Orlando, Florida	Carolina Chemical Corporation Wilson, North Carolina
Aid Laboratories, Inc. Okeechobee, Florida	Carson Chemicals, Inc. New Castle, Indiana
Affiliated Paper Company Tuscaloosa, Alabama	Cloverland Products Pearl City, Illinois
Allied Enterprises, Inc. Norfolk, Virginia	Colonial Products, Inc. Lakeworth, Florida
Anchor Laboratories, Inc. Division of Philips Roxane, Inc. St. Joseph, Missouri	Conard-Pyle Company, The St. Louis, Missouri
Anderson, James H. Company, Inc. Raleigh, North Carolina	Consolidated Chemical, Inc. St. Louis, Missouri
Asphalt Concentrates East Pikeland Township, Pennsylvania	Crown Chemicals Rockford, Illinois
Atco Manufacturing Company Atlanta, Georgia	DBA Products Lake Bluff, Illinois
Atlas Chemical Corporation Cedar Rapids, Iowa	Dairymen, Inc. Greensboro, North Carolina
Austin, James Company Mars, Pennsylvania	Demert & Dougherty, Inc. Chicago, Illinois
B & E Sales Company, Inc. Detroit, Michigan	Dexol Industries Torrance, California
Barre Drug Company, Inc. Baltimore, Maryland	Doggett Corporation, The Lebanon, New Jersey
Bennett's Paints & Coatings Hampton, Virginia	Dubois Chemicals Sharonville, Ohio
Bestline Products, Inc. San Jose, California	Eaton, J. T. & Company, Inc. Twinsburg, Ohio
Bio-Lab, Inc. Decatur, Georgia	Economics Laboratory, Inc. St. Paul, Minnesota
Bonide Chemical Company, Inc. Yorkville, New York	Electrode Corporation Chardon, Ohio
Bourbon Company, The Lexington, Kentucky	Evsco Pharmaceutical Corporation Buena, New Jersey
C & C Chemical Company, Inc. Asheville, North Carolina	Faesys & Besthoff, Inc. Edgewater, New Jersey
CP Chemicals, Inc. Seworen, New Jersey	Family Dollar Stores Charlotte, North Carolina
Campus bio Chemical, Inc. Wantagh, New York	Farnam Companies, Inc. Phoenix, Arizona
Canton Chemical Company, Inc. Hazelwood, North Carolina	Fort Dodge Laboratories, Inc. Fort Dodge, Iowa

## Other Violations, 1977 (Cont.)

Gardner Supply Company Statesville, North Carolina	Kolpin Manufacturing Company Berlin, Wisconsin
Great Lakes Chemical Corporation West Lafayette, Indiana	Lancer Products, Inc. Morrow, Georgia
Green, George T. Company Bay Harbor Island, Florida	Landia Chemical Company Lakeland, Florida
Green Thumb Products Corporation Apopka, Florida	Legear Division of O'Neal Jones and Feldman, Inc. St. Louis, Missouri

Share Corporation Brookfield, Wisconsin	

## Summary of Regulatory Activities Performed Under The N. C. Pesticide Law, 1977

### PESTICIDE REGISTRATIONS

Total Number of Manufacturers Registered .....	858
Manufacturers Registered from North Carolina .....	112
Pesticide Formulations Registered .....	9,684

### PESTICIDES EXAMINED

Number of Analytical Determinations .....	3,462
Pesticide-Use Samples Analyzed .....	178
Pesticide Incident Investigation Samples Analyzed .....	92
Disinfectants Checked for Microbiological Performance .....	520
Pesticide Registrations Checked Which Were Not Sampled for Analysis .....	2,406
Number of Pesticide Outlet Inspections .....	10,925
Number of Inspection Reports .....	4,564

### STOP-SALE, STOP-USE, OR REMOVAL ORDERS ISSUED

"Stop-Sale Orders" for Misbranded Products Analyzed .....	1
"Stop-Sale Orders" for Misbranded Products Not Sampled for Analysis .....	17
"Stop-Sale Orders" for Non-Registration of Products Analyzed .....	62
"Stop-Sale Orders" for Non-Registered Products Not Sampled for Analysis .....	193
"Stop-Sale Orders" for Adulterated Products .....	3
"Stop-Sale Orders" for Deficient Products .....	47
"Stop-Sale Orders" on Products with Excessive Active Ingredient .....	0
"Stop-Sale Orders" on Products to be Disposed of .....	244
Total Number of "Stop-Sale Orders" Issued .....	567

### LICENSES ISSUED

Pesticide Dealer Licenses .....	1,771
Ground Pesticide Applicator Licenses .....	1,352
Aerial Pesticide Applicator Licenses .....	140
Ground Pesticide Applicator (Public Operator) Licenses .....	1,055
Pesticide Consultant Licenses .....	31
Total Pesticide Licenses .....	4,349

### EQUIPMENT INSPECTIONS

Aerial Pesticide Application Equipment (Aircraft) .....	133
Pesticide Bulk Storage Tanks .....	14

### PESTICIDE DISPOSAL

Number of Requests for Pesticide Disposal .....	53
---	----
